

# ADMIT EXPENSES ARE PAID BY JAPS

## ORGANIZED LABOR REPRESENTATIVES OF HAWAII TESTIFY

Brought Out in Hearing on Legislation to Admit Chinese Coolies to Hawaii that Japanese Merchants Contributed \$1,500 -- Japs Would Control Islands.

(By The Associated Press)  
WASHINGTON, Aug. 2.—Representatives of organized labor in Hawaii sent to Washington to oppose legislation under which Chinese Coolies could be admitted to Hawaii to help relieve the agriculture labor shortage testified before the house immigration committee today that their expenses had been paid by Japanese.

Wilmot Chilton, who came here with George W. Wright, president of the Central Labor Union of Honolulu, when questioned by Representative Free, Republican, California, declared that Japanese merchants on the island had contributed \$1,500 so that they might personally oppose admission of Chinese and that he had split it fifty-fifty with Wright.

Samuel Gompers, president of the American Federation of Labor, was present when Mr. Free developed that the Japanese chamber of commerce at Honolulu, acting on a request for help decided it would be "unwise" for the organization to contribute but that individual members could do so.

## SMALL DENOUNCES HIS INDICTMENT BY GRAND JURY

Lays Indictment to Work of Big Business Interests

(By The Associated Press)  
DANVILLE, Ill., Aug. 2.—Governor Len Small, speaking here tonight at a banquet, tendered by 250 Danville citizens, denounced his indictment by the Sangamon county grand jury as a plot of big interests and demanded to know why Attorney General Brundage and State's Attorney Mortimer "object to my being tried in any other court in the state outside of Sangamon county."

"Their mouthpiece, the Chicago Daily News," the governor said, "announced last Thursday that Attorney General Brundage and State's Attorney Mortimer would fight every effort by me to secure a change of venue from Sangamon county."

Twice today the governor read prepared speeches, the first being at Hoopeston at noon when he announced that his attorneys had advised him to put everything he said in connection with the case in writing.

Tonight's meeting followed a day devoted to road inspection in Iroquois and Vermillion counties. The trip was made despite a driving rain and over roads so slippery that once the governor's heavy limousine skidded from the road and halted half way down the six foot embankment of a deep ditch. The governor leaped out and with both hands braced the car to prevent it toppling over.

Reviews Program of Work  
In his speech here tonight Governor Small reviewed the progress of road work in Vermillion and other counties and told of his efforts to obtain better prices than those submitted by contractors last spring. As a result, he said, the roads are being built at an average cost of \$27,000 a mile whereas the contractors had asked \$40,000.

"I had hoped that during the month of July I could take time from other official duties to go into the different counties and view the roads which should be constructed; and I had hoped that by this time at least 200 miles would have been under contract," the governor said.

"But owing to the outrageous attacks which have been made upon your chief executive to prevent me from fulfilling my duties I have been unable to devote my time uninterfered as I should to this great work and our road (Continued on Page Six)

## CHANGE OF VENUE WILL BE ASKED BY VERNON H. CURTIS

Gives Notice to This Effect Tuesday Thru His Attorney

(By The Associated Press)  
SPRINGFIELD, Ill., Aug. 2.—Vernon H. Curtis, Grant Park, Ill., banker, under indictment with Governor Small and Lieutenant Governor Sterling for embezzlement and conspiracy to defraud the state today served notice on Judge E. S. Smith and State's Attorney Mortimer that he will make formal application on Aug. 22 for a change of venue from Sangamon county and from the judge before whom indictments were returned.

State's Attorney Mortimer on receiving notice, declared that a change of venue from Sangamon county will be resisted.

"We have no notion as to the character of the evidence which will be offered in support of the motion," he said. "Whatever it is we will endeavor to meet it when it is offered."

Gillespie Gives the Notice  
Notice of the coming application was given by George B. Gillespie, of counsel for Governor Small, at the request of Curtis' attorney, Paul B. Fisher of Chicago.

Attorney Gillespie said Mr. Fisher asked by long distance telephone to serve the notice and that he did not know what affidavits would be offered. Change of venue from Judge Smith's court will be asked, the notice said, "on account of the prejudice of the said judge against this defendant and that as soon as a judge qualified to hear this application shall be designated by said said Judge Honorable Elbert S. Smith to hear this application the said defendant will present to said judge a verified petition of application praying a change of venue from this county accompanied by affidavits and other evidence at which time and place you may appear, deny the facts stated in said petition and resist said application if you see fit to do so."

## CANCELS ENGAGEMENT AT CHAMPAIGN

(By The Associated Press)  
CHAMPAIGN, Ill., Aug. 2.—A dinner which was to have been given here tomorrow by one hundred Champaign county citizens with Governor Small as the guest was cancelled last today on the request of the governor. Howard Nash and a party of local men went to Danville to accompany the governor here. Because of continued rain and the condition of the roads Governor Small cancelled his trip of inspection to Illinois roads. He stated that he would make the trip later. It is understood the governor will return to Springfield.

## SPURGIN BELIEVED TO BE IN MEXICO

Chicago, Aug. 2.—Warren C. Spurgin, fugitive president of the defunct Michigan Avenue Trust company, has been traced to Mexico, it was announced by the state's attorney's office tonight. He is believed to be in Chihuahua City. A report of the bank examiner who has been working on the books of the bank today indicated that the loss may total \$1,124,368. It was hoped, however, that this amount may be reduced by the determination of the value of loans, bonds and stocks now listed.

## RAIL TAMPERING CAUSED WRECK

Detroit, Mich., Aug. 2.—Officials of the Michigan Central railroad announced tonight that investigation had convinced them that the all-Pullman train which was wrecked at Inkster, near here today as a result of deliberate tampering with the rails. The police are holding two men for investigation. The engine and tender, club car and four coaches were derailed. Three persons were slightly injured.

## SUGGESTIONS OF MELLON FIND BUT LITTLE SUPPORT

Republicans Do Not Favor Many of Taxes He Suggests

(By The Associated Press)  
WASHINGTON, Aug. 2.—Suggestions for new taxes made by Secretary Mellon apparently found little support today among members of the house ways and means committee. Committee members said it was their judgment that the committee's efforts should be directed toward easing the existing burden.

With this end in view it was explained, the Republican members of the committee had before them today witnesses to discuss railroad financing. Chairman Fordney said the committee's purpose was to get specific information as to the financial needs of the government and then to determine just where cuts could be made.

He also explained that the new tax day would be designed to run for a number of years and that the rates should not be fixed for such a length of time on conditions believed now to be temporary. He thought there should be immediate reductions of a half billion taxes.

Representative Longworth, Republican, Ohio, said that while there might be good arguments both for and against the new taxes suggested by Mr. Mellon, he thought the time had come to reduce taxes rather than seek out new sources. He believed this could be done by an exercise of more rigid economy in expenditures.

Opposed to Auto Tax  
Discussing Mr. Mellon's proposals in detail, Representative Bacharach, Republican, New Jersey declared he was opposed to the elimination of all or any part of the transportation taxes and to the proposed tax of \$10 on all automobiles. He also declared that he was in no way in favor of the proposed bank checks, but that, of course he did favor the repeal of the tax on soda water and ice cream.

The New Jersey member also declared against the plan to make the small corporations pay a tax of 15 percent on their net income.

A fight against license tax on cars was launched today by the American Automobile association. In a letter to Chairman Fordney, the association said the federal sale tax on machines and the state and municipal taxes of all forms now totalled \$346,720,878 annually, or \$34.67 per car and that any increase would "add to the already excessive burden charged against the automobile user."

The new taxes suggested by Mr. Mellon are designed, it became known today to yield a total of approximately \$240,000,000 of which \$100,000,000 would come from automobiles, \$45,000,000 from the stamp tax on bank checks and about \$70,000,000 from the three cent first class postage rate. The treasury secretary's memorandum was presented to the committee still with- held today pending some slight revisions by the treasury experts. It may be made public tomorrow.

## NEVER HEARD OF BRYAN; LOSES JOB

WAUKESHA, Wis., Aug. 2.—L. B. Congdon, who received national notoriety a week ago when he arrested William Jennings Bryan, former secretary of state of whom Congdon said he had never heard, addressing him as "Mr. O'Brien," was discharged today from his duties as village marshal at Antioch, Ill.

Motorists complained to Frank King, village president, that unless "the highwayman in marshal's garb" discontinued arrests, motorists' trade would be arrested elsewhere.

With Congdon's discharge, four of the six members of the village council have resigned, it was learned today.

## COAL EXCHANGE MEMBERS INDICTED

Baltimore, Md., Aug. 2.—The officers, directors, and individual members of the Baltimore Coal Exchange were indicted by the grand jury today on charges of making a monopoly through a combine to manipulate and fix the price of Anthracite coal. The evidence placed before the grand jury by State's Attorney Leach indicates that the alleged combine was formed last August 15.

## OPPOSING FACTIONS SIGN PEACE PACT

London, Aug. 3.—An agreement was signed in Rome yesterday, for peace between the Fascist and the Socialists, says a dispatch to the London Times from Milan.

## EMMERSON WANTS TO TAX GASOLINE, COAL, AUTOMOBILES

Secretary of State Makes Speech Out in Helena, Montana

(By The Associated Press)  
HELENA, Mont., Aug. 2.—Levy of a tax on every gallon of gasoline, a tax on every ton of coal, and a tax on all automobiles coming into the state from other states was advocated by Louis L. Emmerson, president of the National Association of Secretaries of State and secretary of state of Illinois at the opening session of the association at the state capital today.

President Emmerson stated that it is not a question of expenditure reduction in most states today, but of revenue increasing and that indirect method of taxation is most successful.

The question of meeting with the National association of states auditors and treasurers was considered and the chair was empowered to appoint a representative from secretary's organization to attend the next meeting of the auditors and treasurers and present the proposition of a consolidation of the two associations. Governor Joseph M. Dixon welcomed the delegates.

## K. OF C. PLANNING TO EDUCATE ALL FORMER SOLDIERS

To Establish Largest Correspondence School in the World

(By The Associated Press)  
SAN FRANCISCO, Cal., Aug. 2.—A decision to establish what is termed the largest correspondence school in the United States, which shall be devoted exclusively to the education and general welfare of former service men, and announced that the order had increased by \$7,660 since last year made up the outstanding features today of the opening session of the Knights of Columbus, thirty-ninth annual supreme convention. Supreme Secretary William J. McGinley outlined the correspondence system which will have its headquarters in the new building which the order is erecting in New Haven, Conn.

No Limit on Enrollment.  
No limit will be placed upon number of former service men seeking enrollment in the correspondence school and no limit will be set upon practical subjects in the course of study, Mr. McGinley reported. The system, he said, will cost approximately \$1,000,000 to establish and will call for a first year enrollment of 100,000 students.

Supreme Knight James A. Flaherty reported that approximately \$4,000,000 had been expended by the Knights in the past year in maintaining free night schools and university and college courses for former service men. We shall stay with the veterans until the end he said.

## MESTER SAYS HE WILL SERVE WARRANTS

SPRINGFIELD, Ill., Aug. 2.—With Governor Small's return to the capital expected before the end of the week, new sensations in the Small-Sterling-Curtis embezzlement and conspiracy cases were anticipated by the political audience which has been watching developments since the indictments were returned by the Sangamon county grand jury last month.

The governor was headed toward Springfield today. State's Attorney Mortimer returned from Chicago and Sheriff Mester was waiting with three warrants for the governor's arrest. The sheriff said the warrants would be served.

## FOOD FROM UKRAINE TO POLAND

LONDON, Aug. 2.—Surprising as it may seem, in view of the famine in Russia, it is stated authoritatively that considerable quantities of food, corn and cattle are still entering Poland from the Ukraine, according to a Warsaw dispatch to the Times today.

Soviet authorities are vainly attempting to check the outflow of manufactured goods bartered in return for these supplies the dispatch says, and Russians are paying gold for goods particularly desired. This form of smuggling, extends over a belt 100 miles along the frontier.

## ENRICO CARUSO PASSES AWAY IN ITALY TUESDAY

Was Thought to be On Road to Ultimate Recovery

(By The Associated Press)  
NAPLES, Italy, Aug. 2.—Caruso died today. The great singer, whose ultimate recovery had been hoped for under the benign influences of his own Italy, passed away at 9 o'clock this morning at his hotel in this city. He had been brought here hurriedly from Sorrento, on the Bay of Naples, where less than a week ago he avowed his returning strength and expressed his conviction that he would sing again as in the old days.

He had been able to visit the famous sanctuary of Our Lady of Pompeii, giving thanks offering for his recovery.

He also went to the wonderful Island of Capri, where he attended a luncheon in his honor. But soon afterwards unfavorable symptoms, in the form of a high fever, manifested themselves and his wife telegraphed to a Rome specialist to come to Sorrento. It was then discovered that a new internal abscess had developed.

Caruso's removal to Rome for an operation was advised but he showed such weakness that it was impossible to transfer him further than Naples, where he arrived by sea Sunday evening. Four eminent physicians were called in consultation and their examination showed the presence of a subphrenic abscess accompanied by severe peritonitis.

An operation to be performed at noon today was decided upon but the patient's condition became suddenly worse at 4:30 in the morning, and he died soon afterwards. Prior to this, heart stimulation was resorted to hourly.

In order that Caruso should not tire himself, the attending physicians ordered him not to speak, so during his last night he uttered no word. Of the members of his family present at the death bed the most pathetic was his old mother, who had always clung obstinately to her little home, despite her son's efforts to accustom her to the material comforts of life.

## No One to Take His Place

New York, Aug. 2.—There was no one in New York who could say what singer would succeed the late Enrico Caruso next fall as the leading tenor of the Metropolitan opera company. Caruso's death in Naples this morning was considered by critics to have left vacant a place in opera that no living tenor can fill for Caruso was king of the opera house, his dominance above all other artists being universally recognized.

Gullo Gatti-Cazassa, general manager of the Metropolitan Opera company, who selects the artists and the operas in which they are to be heard in Europe and many other men who have a voice in the conduct of the Metropolitan also were out of the city.

Caruso's earnings, like his fame, surpassed those of other singers. His annual income ranged around a half million dollars it was said today at the Metropolitan Opera house.

## PRESIDENT IS ENJOYING VACATION

LANCASTER, N. H., Aug. 2.—President Harding came into the White Mountains of northern New Hampshire today for the first real vacation since his inauguration. At a little lodge high above the reach of the heat wave and four miles removed from the nearest telephone, the President and Mrs. Harding with a party of close friends will be guests for the remainder of this week at least and longer if public affairs permit.

Complete rest, with perhaps some golf, fishing and mountain climbing mixed will occupy their first attention. The house selected by the president for his vacation is the country home of Secretary Weeks of the war department. It stands on the very summit of Mount Prospect, 2,000 feet above sea level with only wooded slopes about it. A private drive, closed with a wooden gate at the base on the mountain winds up to the lodge clearing that contains the lodge.

## ADVOCATES DEEP SEA WATERWAY

Chicago, Aug. 2.—Proposed waterways which would open up to the middle west the sea lanes of the ocean, would afford Chicago and this vicinity a by-product of four millions electrical horse power and would pay for itself within a short period, E. F. Harris, vice president of the Great Lakes-St. Lawrence Tidewater association declared at a luncheon today. He said the cost of the project would be \$250,000,000.

## FORMER WHITE SOX PLAYERS ARE FOUND NOT GUILTY BY JURY

Verdict Was Returned Amid Scenes of Wild Enthusiasm—Spectators Greet the Verdict With Cheers and Shout "Hurrah for the Clean Sox"—The Players are Pleased

(By The Associated Press)  
CHICAGO, Aug. 2.—The seven former Chicago White Sox baseball players and two others on trial for alleged conspiracy to defraud the public thru throwing of the 1919 world series games tonight were found not guilty by a jury. The jury took only one ballot. The verdict was reached after two hours and forty-seven minutes of deliberation, but was not returned until forty minutes later, Judge Hugo M. Friend being out of court when the decision was reached. The defendants were: Buck Weaver, third baseman; Oscar Felsch, outfielder; Charles Risberg, shortstop; Arnold Fandil, first baseman; Claude Williams and Eddie Cicotte, pitchers; Joe Jackson, outfielder—all former White Sox players—and Carl Zerk of St. Louis and David Zelcer of Des Moines.

Announcement of the verdict was greeted by cheers from the several hundred persons who remained in court for the final decisions and shouts of "hurrah for the clean Sox."

Judge Friend congratulated the jury saying he thought it a just verdict.

Eddie Cicotte was the first of the defendants to reach the jurors. He grabbed William Barrett by both hands, shouting his thanks.

Joe Jackson, Claude Williams and the others were close behind and the jurors lifted them on to their shoulders, while flash light photographs were taken.

Balls vainly pounded for order and finally Judge Friend's smiles joined in the cheering and cheering. Hats sailed high in the air, papers were thrown around and the court room was the scene of the wildest confusion in any recent Cook county criminal case.

As the jurors filed out of the room they were slapped on the back and shouted congratulatory words by the spectators.

The defendants, on hearing the nine verdicts solemnly read by the court clerk gave vent to their feelings in varied manners. Throughout the hours the jury deliberated the men on trial paced up and down at times, gathered in little groups to quietly discuss the case or remained secluded. When the three loud knocks on the jury room door were heard, indicating a verdict, everyone jumped for the court room, but the excitement was momentary it being sometime before Judge Friend could be reached.

Buck Weaver and "Swede" Risberg were the most excited grabbing each other by the arms and shouting in their gladness.

Felsch and Williams merely smiled while Joe Jackson took the decision very quietly. Gandil shook hands with a few friends and quietly slipped from the court room.

Gives Johnson Sailor's Farewell  
"I'll give a sailor's farewell to Ban Johnson," said Gandil.

"Goodbye, good luck and to you with you."

"I knew I'd be cleared," said Weaver, "and I'm glad the public stood by me until the trial was over."

Williams termed the verdict a "true one," saying he was proud to have come thru clean.

Cicotte and Risberg rushed to telegraph offices to notify their wives.

David Zelcer will return to his home in Des Moines immediately and Carl Zerk plans to leave for St. Louis tomorrow. Henry Berger defense counsel termed the verdict a "complete vindication of the most mistreated ball players in history."

The state's attorney was silent.

## BELIEVE SOLDIER BOXES CARRIED

St. Louis, Mo., Aug. 2.—Early and incomplete unofficial returns from today's statewide election indicated probable passage of constitutional amendments providing for a \$15,000,000 bond issue for a soldier bonus and permitting use of motor vehicle license fees for payment of interest of \$60,000,000 in road improvement bonds. Figures also indicated that the proposal for a constitutional convention had been approved. The fate of the third constitutional amendment allowing women to hold all state offices was apparently in doubt.

## A SLAVE of VANITY

from Sir Arthur Wing Pin-  
ero's stage success "His."  
A story of a woman who  
could not marry honorably  
and retain her fortune.

It is reported that the League  
of Nations intends to interest  
itself in the Taena-Africa con-  
trovercy between Peru and Chile  
at the meeting next September,  
Bolivia being the interplacider.  
The league will probably drop  
that dispute as quickly as it has  
every other which has been sub-  
mitted to it and which required  
some sort of affirmative action.  
However, if the league tries to in-  
terfere in affairs of the Western  
Hemisphere it is quite apt to find  
that the United States will not re-  
main silent.

### THE BURDEN GROWS

It is becoming every day more  
apparent that the Republicans in  
national convention assembled at  
Chicago just about a year ago ex-  
ercised not only wisdom but cau-  
tion and frankness when they  
took care to make it clear that  
they were promising no im-  
mediate reduction of Federal tax-  
ation. From day to day new facts  
are developing which make it dif-  
ficult to get the national finances  
into a condition which will make  
reduction of taxes possible. All  
the legitimate obligations of the  
government must be met, how-  
ever unwise or unnecessary the  
have been. The Republican ad-  
ministration has no choice in the  
matter. It must pay the debts  
incurred by the Wilson regime.

### MAIN STREET

William Allen White has an  
article in a recent issue of Col-  
lier's Weekly on the "Other Side  
of Main Street," telling that  
"grief, death, poverty, tragedy  
may visit the city and few friends  
living to heal the wounds."  
"Collective neighborliness marks  
the country town."

Mr. White says: "The Chamber  
of Commerce today in the Amer-  
ican small town and in the Amer-  
ican city is the leading exponent  
of altruism in the community. It  
is not a wide interurban altruism  
that the Chamber of Commerce  
fosters; it is Higginsville first.  
But it is for Higginsville all the  
time. The Chamber of Commerce  
modifies the innate cussedness  
of the average selfish, hard-boiled,  
narrow-gauged human porker,  
and lifts up his snout; makes him  
see further than his nose, his  
business, and his personal inter-  
est, and sets him rooting for his  
community."

"It is a shorter step from the  
city to the State, from the State  
to the nation, and from the na-  
tion to humanity than the tre-  
mendous jump which a man must  
take to consider his city before  
his own interest. And the town  
Chamber of Commerce is bringing  
the first lesson in practical Chris-  
tianity to millions of savages in  
America. It is not a full bap-  
tism, but it helps."

A man, no matter how greedy  
and squire-eyed he may be, can-  
not work a year upon any moder-  
ately important committee of his  
town's Chamber of Commerce  
without being a better father, a

better husband, a better citizen,  
a better brother.

After this apprenticeship he  
falls an easy victim to the Rotar-  
ians, or the Lions, or the Kiwanis  
club.

"These groups interest men in  
a somewhat broader fellowship  
than the one which the Chamber  
of Commerce promotes. They are  
interested in the neighboring un-  
der dog; in man as a suffering or  
as an aspiring creature. The  
Rotarians typify the others. "He  
who serves best thrives most,"  
they declare. They are interested  
in friendship, in boys, in jolly-  
ing up the country people around the  
towns, in "the pore and needy  
ones that clusters all about" in  
parks and playgrounds, and they  
nationalize a number of highly  
altruistic activities."

"Men in these gay groups of  
rough-necked, low-browed Sa-  
maritans are making the Jericho  
Road a fairly safe and decently  
comfortable highway wherever  
they roll their chariots along. And  
they interlock with the Chamber  
of Commerce. It is hard to form  
a Rotarian or for a member of any  
of these societies not to be a  
member of the Chamber of Com-  
merce. Thus a stream of rather  
intelligent altruism keeps flowing  
into the Chamber of Commerce."

"Around these influences, and  
largely of them and deeply affect-  
ed by the organized altruism of  
the country town, are the Masons,  
the Knights of Columbus, the Red  
Men, the Elks, and the Moose,  
whose chief reason for being is  
fellowship. And he is a rather  
neatly citizen who is not a mem-  
ber of one of these."

"Collective neighborliness has  
marked the American small town  
for its own."

Mr. White is an able writer and  
his article in Collier's is certainly  
worth reading in full. The above  
are only extracts from a worth-  
while paper.

### MUSCLE SHOALS

The truth about the Muscle  
Shoals plant is desired but ex-  
ceedingly difficult to obtain. The  
government has before it a busi-  
ness proposition involving an of-  
fer by Henry Ford to purchase  
and lease the properties at Muscle  
Shoals. Ford proposes to form  
a company and lease the Wilson  
dam at an annual payment of \$1-  
200,000, provided that hydro-  
electric facilities are installed  
capable of generating 600,000  
horsepower, the capacity for which  
it was designed. He also offers  
to lease subsequently dam No. 3  
and to purchase the two nitrate  
plants on the south side of the  
river. The purchasing company  
would utilize the plants for the  
manufacture of fertilizer and  
would hold one of them in readi-  
ness for the production of ex-  
plosives in time of war, when the  
United States would have the  
right to take over and operate the  
plants.

Whether or not it is found ad-  
visable to accept this offer, some  
action should be taken immedi-  
ately with regard to the Muscle  
Shoals project. Four hundred  
miles of the upper Tennessee  
river are blocked to navigation by  
the Wilson dam, built in time of  
war at enormous expense and left  
to deteriorate through the failure  
of Congress to appropriate for its  
completion. The \$87,000,000  
which the government has spent  
in the construction of the dam  
and other properties will be more  
or less thrown away. If the nitrate  
plants, now ready for operation,  
are allowed to stand idle for lack  
of power, and the great and con-  
stantly increasing demand for fer-  
tilizer throughout the East and  
South will not be relieved despite  
these millions of expenditure.

Secretary Weeks finds objec-  
tions to the offer, saying that pay-  
ments are proposed on the basis  
of \$40,000,000 instead of the ac-  
tual cost and that the plan sug-  
gested may call for further ex-  
penditures amounting to about  
\$28,000,000. These may be  
sound objections, but there should  
be a sensible choice between sell-  
ing out or carrying the project to  
completion under government  
auspices. During the month of  
June a special committee of the  
Mississippi Valley Association, af-  
ter a thorough investigation, ur-  
ged the immediate appropriation  
by Congress of \$10,000,000

### RAMSAY ANDREW WEDS ARENZVILLE GIRL

Former Illinois College Athlete  
Marries Miss Leah Lutkehus.

Information reached Jackson-  
ville Monday that James Ramsay  
Andrew of New Salem, Illinois,  
and Miss Leah Lutkehus of Arenz-  
ville were united in marriage last  
Saturday evening at 5:30. The  
ceremony was performed at the  
Lutheran parsonage at Arenzville  
by the Rev. E. M. Tonn. Wit-  
nesses were Mr. and Mrs. Otto  
Lutkehus, the bride's brother and  
sister-in-law.

The groom is the son of Mr.  
and Mrs. H. D. Andrew of New  
Salem. He was graduated last  
June from Illinois College where  
he was popularly known as "Pat."  
He was a member of Sigma Pi  
society, and was prominent in  
athletics, playing on football,  
basket ball and track teams.

The bride is the daughter of  
Mr. and Mrs. John Lutkehus of  
Arenzville. She is a graduate of  
Arenzville high school, and has  
spent two years at Illinois Col-  
lege, where she was a member of  
Agora society.

For the present, the young cou-  
ple are remaining at the home of  
the bride's parents. They will  
leave after a few days for New  
Salem, and will reside for the re-  
mainder of the summer at the  
home of Mr. Andrew's parents.  
Mr. Andrew's plans for next year  
are not yet definitely settled,  
though he is expecting to coach  
in some high school.

### CHANGE IN TIME

The funeral of Charles L.  
Stevenson will be held Wednes-  
day afternoon at the residence,  
1358 South Main street, at 1  
o'clock. The Reverend M. L.  
Pontius will officiate and inter-  
ment will be made in Diamond  
Grove cemetery.

### CARD OF THANKS

We wish to thank our many  
friends and neighbors who so  
kindly assisted us after the death  
of our darling daughter, also for  
the many beautiful flowers.  
Mr. and Mrs. J. A. Upchurch  
and Sons.

### THE AMERICAN LEGION

### NEWS SERVICE

Major General Henry J. Allen,  
commanding the United States  
army of occupation in Germany  
and a company of American in-  
fantry from the Rhine have been  
ordered by the war department to  
attend the unveiling of the Pilry  
monument at Flirey, France, this  
summer. The monument is a  
memorial to the American Expi-  
ditionary forces. Two hundred and  
fifty members of the American Le-  
gion who have been invited to  
tour France as guests of the  
French government will partici-  
pate in the ceremonies. John G.  
Emery, national commander of  
the Legion will be one of the  
speakers.

Because he believes married  
men make better citizens, Rev.  
John W. Inzer, national chaplain  
of the American Legion, has an-  
nounced that he will perform  
without cost marriage ceremonies  
for members of the Legion at-  
tending the national convention  
of the organization at Kansas City  
this fall. The convention com-  
mittee believes the chaplain's in-  
ducement will result in so many  
marriages during the convention  
that it has appointed a special  
newlywed committee to look  
after the comforts of bridal part-  
ies.

An expressed desire to be bur-  
ied with her son, who lost his life  
overseas, was realized by Mrs.  
John Johansen, Sr., of Davenport,  
Ia., who died a few minutes be-  
fore the train bearing her son's  
body reached Davenport. Mrs.  
Johansen had been ill ever since  
the shock caused by news of her  
son's death. It was a strange  
fate that brought about the double  
funeral. The American Legion  
was in charge of the funeral.

William N. Day, of Great Falls,  
Mont., has been appointed by  
John G. Emery, national com-  
mander of the American Legion,  
to serve as national auditor of  
the Legion. He has assumed his  
duties at national headquarters,  
Indianapolis. He was formerly  
a bank examiner in Montana. The  
headquarters staff of the Legion  
now has representatives from 34  
states.

Roy Albert of St. Louis, Mo.,  
said to have been the smallest  
man who served with the Ameri-  
can army overseas, was killed by  
a train at Casper, Wyo. He  
weighed 93 pounds. The Ameri-  
can Legion took charge of the  
body and arranged funeral plans.

The Montana department of the  
American Legion is investigating  
the disappearance of F. A. Wood-  
ard, of Sidney, Montana, who has  
been the object of a three weeks  
search. Woodward disappeared  
from his room at Great Falls hot-  
tel, where he had stopped over on  
his return from the convention  
at Lewistown. He had been one  
of the active delegates to the con-  
vention and was considered as  
candidate for state adjutant.

Clifford A. Laffin, winner of a  
Croix de Guerre, who survived  
several major engagements in  
France as a first lieutenant of the  
17th Field Artillery, died recently  
in a St. Paul, Minn., hospital from  
a pin scratch. The funeral was  
conducted by the American Le-  
gion.

"The American Legion is one of  
the bulwarks of the world," said  
Marshal Foch in a recent inter-  
view with an American newspaper

correspondent. Referring to the  
Paris post of the Legion, the mar-  
shal said it was "the American  
heart of France."

Citizens of Seattle were amazed  
recently at the sight of Lemuel  
Bolles, national adjutant of the  
American Legion; Hugh M. Cald-  
well, mayor of Seattle; Brig. Gen.  
Maurice Thompson, and other  
prominent members of the Ameri-  
can Legion in chains and wearing  
the army fatigue uniforms with  
the familiar "P. G." (prisoners of  
war) on their backs, being led  
thru the streets. It was only a  
part of the initiation of the "40  
and 8" society, the play organiza-  
tion of the Legion.

"The greater portion of solid,  
right-thinking, right-living young  
Americans got into service during  
the war, only the dregs were left  
in civil life," declared Chief of  
Police Pendegast, of Los Angeles,  
Cal., to officials of the American  
Legion. The police chief said that  
he had never yet found a criminal  
who could show a good service  
record.

Formal demand has been made  
to Mayor Thompson of Chicago by  
Theodore Roosevelt post of the  
American Legion for an investiga-  
tion of the conduct of city offi-  
cials who served on a reception

committee to welcome Jack John-  
son, the negro puglist, back to  
Chicago from the Federal peniten-  
tiary at Fort Leavenworth.

### RETURN FROM MICHIGAN

Mrs. George L. Merrill and son  
James returned Tuesday night  
from Pentwater, Mich., where  
they have spent the past month.  
They were guests Sunday and  
Monday at the home of Mrs. Mer-  
rill's sister, Mrs. Badenoch, in  
Chicago.

### TINDALL FARM SOLD

Gregg L. Tindall recently sold  
his farm near Antioch church to  
L. B. Trotter. The farm com-  
prises 138 acres and possession is  
to be given at an early date. Be-  
cause of that fact Mr. Tindall has  
announced a closing out sale to be  
held Wednesday, August 10.

### STATE FAIR TICKETS

### FREE TO CHILDREN

County Superintendent of  
Schools H. H. Vasconcellos has re-  
ceived four thousand tickets to the  
Illinois State Fair at Springfield,  
which he will furnish free to ap-  
plicants. These tickets are only  
for Morgan county school child-  
ren, and will admit to the fair  
grounds on Children's Day, Aug-  
ust 22.

### MORGAN'S RAINBOW DIVISION BAND

This band comes to the Jacksonville Chautauqua for afternoon and  
evening concerts on two days with an international reputation ahead  
of it.

In 1917 when the 168th became a part of the famous Rainbow Di-  
vision, this band became its integral musical part. It took part in  
the engagements at Baccarat, in the Luneville sector, and in the major  
offenses at Champagne, Chateau Thierry, St. Mihiel and the Argonne.  
With the signing of the armistice the band went with its regiment into  
Germany and during its stay of several months won the applause and  
admiration of a critical populace. The people of Germany were at  
first hostile to the band and received it with little favor, but when it  
reached its final bivouac and played a concert in the shadow of an  
historical cathedral, they came out at first in a mood of angry curios-  
ity, and then to applaud. The services of this band overseas has been  
followed by extended tours of this country.

Mr. Morgans has surrounded himself with a company of 30 ar-  
tists this season. The programs include a variety of music combining  
popular, standard and classic selections from the world's best com-  
posers. Miss Marion Morgans, a dramatic soprano, is the vocalist  
with the band. It has been said "Few people seat themselves to a  
varied table with an equal appetite for every dish." Certainly this is  
true of music and in selecting programs, Mr. Morgans takes special  
care to offer a variety to please all.

The musical critic, Cloy Smith, comments, "If you have an idea  
that you are above rag-time music, hear this band tear off a few and  
you will have to admit that you are fairly intoxicated with their pep-  
pery precision and effervescent life, snap and pep."

This great military band is but one of the five magnificent musical  
companies on the chautauqua program. Everyone enjoys fine music.  
If you want to hear this great music festival, be sure to secure a sea-  
son ticket.

—the most-talked-of place in America by out-of-doors folk, is a "hikers" and "horsebackers" joyland.

Up there in the Northern Rockies in Northwestern Montana, there are fifteen hundred square miles of breathing room—looming space forests, hundreds of sparkling streams which meander through valleys ablaze with wild flowers, and tumble over foaming waterfalls to feed two hundred and fifty mountain lakes of rare beauty. In the "high-spots" there are eternal, slow-moving glaciers, astride the pagant of carved and tinted peaks. The thrill, the majesty, the bigness of it all is wonderful.

To live for a time in this "high" land and breathe the breezes, quickened by the glaciers, flavored by the mountains and streams and perfumed by the pines and flowers is a never-to-be-forgotten experience. You'll straightaway develop an amazing appetite. The Park's chefs will be ready for you—"good things to eat" is the rule in Glacier.

If you are a fisherman, you'll enjoy battling with the Cutthroat and other trout.

If you are a hiker, there's no end of trails to follow to your heart's content.

If you love to ride, a sturdy little mountain pony will carry you over skyland trails, over and along the Continental Divide.

Mountain guides—chaps you'll enjoy getting acquainted with—are there to accompany the timid.

Row-boat and launch service is available for those who desire to explore the waterways.

Auto-stages on a mountain motor highway facilitate your progress through the Park.

If you like to "take your hotel with you" and camp, there are scores of ideal spots on the shores of sparkling rivers and glistening lakes.

The chalets—little hotel villages in the mountains—are picturesque tarrying-places, and genuinely comfortable ones, too.

Two mammoth mountain inns, where unique indoor campfires crackle on evenings in the "forest lobbies" provide accommodations of a more elaborate character.

The whole scheme of service within Glacier readily lends itself to the out-door idea—follow the dictates of your fancy.

Better plan to go this summer and enjoy a real vacation.

# GOVERNOR OF PORTO RICO IN INAUGURAL

Praises People for Loyalty to United States—Warns Against thought of Independence.

SAN JUAN, Porto Rico.—In his inaugural address recently as Governor of Porto Rico, E. Mont Rely, formerly of Kansas City, Mo., praised the Porto Rican people for their loyalty to the United States during the world war, expressed the hope that he might be able to bring about better relations between capital and labor in the island, and put himself on record as being absolutely opposed to Porto Rican independence.

Governor Rely said President Harding and Secretary of War Weeks "would be deeply distressed to see any feeling of growing sentiment on these islands, tending toward any thought or idea of independence."

"It has come to me," he continued, "that the agitation of independence on these islands comes, in greater measure, from foreigners. If that be true, I want you to be fully aware that there is no room in Porto Rico for any foreigner who is not willing to support and uphold our established government."

"There is no sympathy or possible hope in the United States for independence for Porto Rico, from any individual, or from any political party. The last two great national conventions in the United States, Democratic and Republican, declared unanimously against independence for Porto Rico."

Only Our Flag

"Neither, my friends, is there any place in these islands for any flag, save the flag of our beloved and common country, the stars and stripes, and there never shall be. So long as Old Glory waves over the United States, it will wave over Porto Rico."

"If a majority of the people of these islands desire a change in their government, I would suggest that they advocate statehood."

"Plan to place yourselves in the same condition and situation that obtains today in New York, Missouri and California, and trust the American people for a perpetual square deal. If you can bring this happy condition about, you can then elect your own congressman, your own governor, your own United States senators, and then you can fully enjoy the privileges and fruits of the liberty of statehood."

Governor Rely said he meant to enforce the island prohibition law strictly. He said he should exert all his influence to bring about woman suffrage in Porto Rico. He added he intended to make English the primary language his administration.

The new governor told the Porto Ricans his effort would be "to govern here as I would if I were governor of one of our great sovereign states."

Would Be One of Them

"I have come here," he said, "not so much to govern, but to be one of you, and to be your servant. I believe that those people who are least governed are usually best governed and are most contented and happy. I expect to consult fully with all classes and all leaders of all political parties and shall avoid, so far as possible, the idea of a man rule. My motto here shall be, 'Come, let us reason together.'"

"My deepest sympathy," the governor asserted "naturally goes out to all those who toil, and who earn their livelihood by the sweat of their faces. One reason that I have such deep sympathy for labor is because I devoted a number of years of my own earlier life to toiling on a farm. So you men who toil on these plantations not only have my assurances of sympathy, but my own experience as a farm laborer, which give me fully your viewpoint."

"At the same time I have an utter contempt for any labor leader or agitator whose sole stock in trade is to stir up strife among his fellow workmen."

"The distance between capital and labor is not a great gulf; it is only a step, and the laborers here will cross and become capitalists, and the capitalists will cross and become laborers. Would to God they could shake hands while they are crossing!"

Governor Rely said he hoped to be able to take steps to make the growing of coffee more profitable.

# TRYING TO FIND \$57,000 IN CASH

CHARLOTTE, N. C., Aug. 2.—Express company officials are trying to solve the mystery of the disappearance of \$57,000 in cash, said to have been shipped by express on June 22, last from Concord, N. C., to Chicago, by Gaston B. Means, according to statements by attorneys and express company representatives today.

Means has entered claims for the money which he says he counted in the presence of witnesses and immediately wrapped and shipped by express to Roy D. Keehn, Chicago lawyer, who is attorney for Mrs. Mary Melvin, administratrix of the estate of her sister the late Mrs. Maude A. King, who was shot, and killed near Concord in August 1917.

When the package arrived at Chicago according to Mr. Keehn's report to Means, it contained only a block of wood in a wooden box. Means was acquitted in the fall of 1917 on a charge of murder in connection with the death of Mrs. King.

# FIFTEEN WARRANTS ISSUED IN CHICAGO

CHICAGO, Aug. 2.—Fifteen warrants for the arrest of men said to have been associated with John W. Worthington, indicted yesterday by the federal grand jury in connection with mail robberies totalling more than six million dollars were issued today by James R. Glass, United States commissioner.

News of the arrest in New York of Arthur M. Goldsmith said to be a lieutenant of Worthington pleased federal officials who have been conducting the investigation. Reports were received also of the arrest in Detroit of Lefty Lewis, said to be another of Worthington's aides.

Securities corresponding to some lost in recent mail robberies and bonds believed to be some of those which disappeared from the Sinclair Oil company's offices in New York were found today in Worthington's office according to postal inspectors.

# BILL AIMS AT SECRET SOCIETIES

Austin, Texas, Aug. 2.—A bill aimed at secret societies operating under cover of masks was introduced in the lower house of the Texas legislature today. It would fix a penalty of a fine of not less than five hundred dollars or more than five thousand and imprisonment of not less than one nor more than ten years, or both for two or more persons to conspire to injure, threaten, oppress or intimidate any person, the same penalty to apply to any person disguising him.

# LOCKS TRAIN BANDIT IN VESTIBULE

Hamburg, Iowa, Aug. 2.—By locking a would-be bandit in a vestibule between the cars, a porter of the southbound C. B. & Q. passenger today frustrated a train robbery. The bandit, a negro, who had compelled a flagman to accompany him thru the train, stopped and made his escape.

# SPRINGFIELD, MO., AUG. 2.—In blowing the safe of the Charity State bank at Charity, 40 miles northeast of her early today the robbers used so much explosive that the safe was blown out thru the rear of the building, the safe door was blown out thru the front of the building and the structure was set on fire, burning to the ground.

Among Sinclair residents who called in Jacksonville yesterday were, Mrs. J. C. Swain, Mrs. R. W. Robinson, Arthur Swain, Miss Emma Swain and Horace Swain

Miss Bessie Cubit of the Woolworth sales forces was confined to her home on West College street yesterday by illness.

Miss Dorothea Sargent made a trip to the city yesterday from Franklin.

COMMITTEES MADE REPORT AT CONFERENCE YESTERDAY

Good Weather Only Thing Needed to Make Cowboy Event a Huge Success—Notes on Preparations.

General meeting of the various committees appointed in connection with the city's first annual

will have soft drinks, ice cream cones, crackerjack, peanuts, popcorn, cigars, cigarettes, etc. The money which the American Legion will receive as its share of the concessions money will be used to purchase furnishings for the new quarters of the local post in the Myers Brothers building over the Chamber of Commerce rooms.

Boy Scouts will do the ushering at the wild west show under the efficient direction of Scoutmaster Harry E. Walker. They will assemble at the arena Thursday afternoon at 2 o'clock for instructions as to the manner in which they may handle the crowd.

The grounds committee expects to complete its work on the arena this morning and everything as far as this committee is concerned will be done for the accommodation and safety of the spectators.

Following reports of the chairmen for the publicity, grounds, arrangements, concessions, finance, and mardi gras, committees and a general discussion of the project, the meeting stood adjourned.

Anyone having wild or unruly stock or knowing anyone who has will confer a great favor upon the committee and the performers if they will make it known. These cowboys are seeking some wild horses to ride. They guarantee to ride anything, horse, mule, or steer. Bring in your obstreperous animals and see them tamed by these champion riders.

Big "Slim" Casky, Kirman and Stroud were in attendance at the meeting at the Chamber of Commerce yesterday afternoon and were introduced to the committee.

Leonard Stroud, world's champion trick rider, gave the members of the committee a graphic outline of what sort of a show he will present here.

"Chief" the jumping horse will leap over a Studebaker automobile driven by Charles M. Strawn. There can be five passengers in the car at the time the horse makes the leap. Anyone desiring passage in the car for this stunt see Mr. Strawn.

Members of the American Legion are laying elaborate and careful plans to take care of the big crowd in the matter of good things to eat. The legionnaires

who have soft drinks, ice cream cones, crackerjack, peanuts, popcorn, cigars, cigarettes, etc. The money which the American Legion will receive as its share of the concessions money will be used to purchase furnishings for the new quarters of the local post in the Myers Brothers building over the Chamber of Commerce rooms.

Boy Scouts will do the ushering at the wild west show under the efficient direction of Scoutmaster Harry E. Walker. They will assemble at the arena Thursday afternoon at 2 o'clock for instructions as to the manner in which they may handle the crowd.

Reserve seat tickets will be on sale at three downtown drug stores, enabling people to purchase their tickets and avoid the jam and crowd at the arena site.

John Larson, as chairman of the committee on arrangements has announced that there will be three ticket booths in front of the main entrance to the show and two reserved seat stands within the enclosure.

All merchants are requested by the Chamber of Commerce to close their places of business on Thursday and Friday afternoons at 3:45 o'clock. This will enable everyone to attend the big show.

Most of his time will be spent about Salem, the capital of Oregon, from whence a hunting and fishing trip has been planned under the management of a noted guide who during the month of August is escorting Mary Roberts Rinehart and family to the Crater lake region.

After this, visits will be made to Seattle, Tacoma, and other Puget Sound places and then a return home by way of Glacier National Park by the first of October.

# IS WELL LOVED CITIZEN

Prominent among those who have ministered to the ills of the human kind in the south part of Morgan county stands Dr. George Washington Miller, now peacefully enjoying the evening of his days amid scenes which have witnessed his activities of many years, surrounded by friends who esteem him and tenderly cared for by a dutiful niece who keeps his house he joyfully awaiting the time when he will go from his Woodson home to Him who "Himself took our infirmities and bore our sicknesses."

Dr. Miller was born in St. Charles, Mo., May 11, 1842, and was the son of Robert and Magdalen Simondson Miller. He remained there, making the place his home till 1871. In early life he attended the usual private schools, spent a year in a private school and three years in a military school at St. Charles and in 1865 he entered Illinois college from which he graduated in the scientific course in 1868. He was a loyal Sigma Pi and performed his duties in a worthy manner. He and his brother Silas, took an active part in the wonderful revival which was experienced in every part of the city during the memorable winter of 1865-6 when the whole city was stirred to its very foundation. No visiting evangelist was here. The meetings and interest began in Bethel African Methodist church under the ministry of the devoted Rev. William Jackson and his excellent wife "Aunt Lizzy."

He returned to his native home where he read medicine a time and then sought the medical college at St. Louis, from which he graduated March 6, 1871. He first began the practice of his profession in Prentice but remained there only four months. He came down to Jacksonville and remained here five months and then went to Woodson where he located for his life work, a work of which he has no need to be ashamed.

There he labored assiduously until ten years ago when he gave up active practice though naturally many old time friends still seek his advice but he has handed over his main work to Dr. R. R. Jones, a successful and highly estimable young man between whom and the doctor the best of feeling prevails. His experiences have been many

and varied, sometimes thrilling and ways, strenuous. He never refused to make a call no matter how poor or unworthy the applicant might be and he has traveled early and late over the territory adjacent to his home and indeed many miles from it. On one occasion he was called to see a man and while there the patient died and within five minutes the mother gave birth to a child.

In the terrible cyclone of 1880 he was out professionally to see Mrs. Wood who seemed to be improving when she was killed by the storm. Often he would be out for 24 hours at a time working on two meals. On one occasion while riding in a sleigh he encountered a drift and the rig turned over burying him underneath. His ribs were broken and for a while it seemed as if his career was ended, but his Master had more use for him. He lay there suffering intense pain but after remaining what seemed to be an age he managed to extricate himself and get home but he was a patient for some time afterward.

Some stories, undoubtedly mythical, are told of him. One man said the doctor was called from his bed one very cold winter night to go a long way to see a very sick child. When he arrived the house was dark and no one could be seen. A loud knock several times repeated, brought out from a window the head of a woman whom the doctor asked about the sick child.

"Oh yes; we gave Johnny some paragon for vinegar and we was scared it would kill him but he's all right now. You needn't come in."

As the doctor was turning away in anything but a pleasant mood he was called back again by the woman who cried out:

"I say doctor, you don't charge nothing for this, do you?"

In epidemics and all diseases he has gone fearlessly to the discharge of his duties and he has been well preserved from all harm.

July 19, 1871 he was married to Miss Lucy Galbraith who passed away February 6, 1888. She was the mother of four children, Sally Edith, George Emmett, Grace and Ernestine, all of whom died in infancy. Sept. 3, 1890 he was married to Miss Matilda F. Dorr, who went to her reward Feb. 3, 1909.

For years his housekeeper has been his devoted niece, Miss Marie Megginson, whose kindness he fully appreciates and who is a faithful friend to the worthy doctor.

In 1888 he was ordained to the Christian ministry, the ceremonies being participated in by a galaxy of eminent piety consisting of Dr. J. M. Allen, Elder E. G. Rice, Rev. J. D. Dabney, Rev. J. H. Childers, all eminent in the Christian church. For nineteen years he faithfully ministered to the word to the good people of the Woodson Christian church, like his Master asking no pay but serving for the love of the work and today he is a strong support of the present pastor and his presence is a benediction to the church and community.

He has married probably more than a hundred couples, has baptized something like 450 persons. Many he has ushered into the world, baptized them and their children after them and in many cases buried them later. He has officiated at many funerals attending Baptists, Methodists, Presbyterians, all alike.

The doctor is an enthusiastic and much joined Mason. His memberships are as follows: Woodson Lodge, No. 1011, A. F. & A. Masons, Jacksonville Chapter No. 3 Royal Arch Masons, Hospitalier Commandery No. 31 Knights Templar.

Springfield Consistory, Ansar Temple Mystic Shrine, Saugamon Lodge of Perfection, Springfield Council Princes of Jerusalem, Springfield Chapter Rose Croix, Springfield Consistory, Ancient Scottish Rites, Ansar Temple Ancient and Accepted Order Nobles of the Mystic Shrine.

He had the pleasure of meeting his old family doctor at O'Fallon, Mo. The old man was a representative of his lodge at Kansas City last year when he was 95 years old.

The doctor has one brother, Silas who was here in college for a time and now lives in St. Charles, Mo.

**PLAYGROUND WILL STILL BE OPEN**  
The item referring to the First Ward playground which appeared in the report of the city council meeting in Tuesday's Journal was somewhat misleading. The ground referred to was not that which is used as a playground, but was another plot which is not in use at present.

The playgrounds equipment will remain in its present location, and will be used by First Ward children as in the past.

Mrs. W. C. Crammond of 1322 North Second street, Springfield, is the mother of two boys and a girl, born last Saturday. Mrs. Crammond was formerly Miss Mary Dunphy of Jacksonville.

Mrs. William Walsh and daughter, Catherine, of this city were in Springfield Sunday to visit Mrs. Crammond. She reports that the mother and babies are doing nicely.

# GREENE COUNTY HERO IS LAID TO REST

Funeral of Private John B. Fisher Sunday Largely Attended.

White Hall, Aug. 1—The largest funeral in point of attendance, perhaps, every held at the church in Belletown was that of Private John B. Fisher on Sunday afternoon. The services were held on the grounds, adjoining the church, and were in charge of the White Hall American Legion. The discourse was delivered by Rev. W. R. Johnson of Winchester, and the singing was by the Duncan sisters of White Hall. A firing squad of marines from St. Louis, under command of Capt. D. G. Jackson, fired a salute over the grave following the interment in the Belletown cemetery.

Private Fisher was a member of the Sixth U. S. Marines, 75th Company, and was killed in action in Belleau Wood, France, June 10th, 1918. The remains arrived at White Hall on July 22nd, last, and remained at the Fox undertaking rooms until the time for the funeral. The deceased was a son of Mr. and Mrs. Edward Fisher of Belletown, and his age was 22 years.

Belletown is located five miles south of White Hall. The White Hall Legion has already made provision for the marking of the grave of their fallen comrade with a military headstone.

With the arrival of the remains of Wagoner James M. Lyons, which reached New York last week and will be sent on to White Hall soon, the list of White Hall World War veterans who fell abroad will have been completed so far as request has been made for the return of bodies. The body of Thomas Powell will remain in France in accordance with the direction of his mother, and the remains of Roy Webb could never be located, as he was blown to atoms by a bursting shell, but Claude E. King, historian of the local legion post, is arranging with his father, Ed Webb, for the marking of a spot to the memory of the departed a very commendable action on the part of Mr. King.

Mrs. E. A. Olds and daughter, Rhoda, left Tuesday morning for a week's visit with relatives in Springfield.

## OVER MILLION ARE NOT U. S. CITIZENS

That Many Adults in Greater New York Have Not Been Naturalized.

NEW YORK—(By A. P.) Representative Isaac Siegel of this city, a member of the House Immigration committee, estimates that in Greater New York there are 1,032,000 adults not citizens of the United States. This, he says, is a dangerously large population is approximately 5,600,000.

To offset this condition it is planned to conduct an intensive drive this fall to gather these aliens into the United States fold and civic, state and national bodies will assist in speeding up naturalization.

Early in October, President Harding will be invited to address a gathering of 15,000 new citizens in this city.

A systematic campaign is under way in Brooklyn to enroll new citizens. Judge Cropsey will sit practically all summer in the naturalization court and under present arrangements will turn out a daily average of 500 new citizens.

All told it is estimated that in Greater New York there will have been added by the end of October enough new voters to increase the nation's electorate by at least 80,000.

## OLD JACKSONVILLE THE DRESS PARADE AGAIN

(BY ENSLEY MOORE)  
Member Illinois State Historical Society

Yesterday, when we were looking at the Parade I forgot to call your attention to one of the men in that Mexican War squad. It was that fine looking, elegantly dressed officer with distinguished foreign appearance. He was Capt. Jacob Zabriskie. He belonged in this country to a very prominent and cultivated family of New York and New Jersey people; and his people were Polanders; beyond the Atlantic.

He fell at Buena Vista, with Hardin and the Clays and McKees. They gave him a great burial back in New Jersey.

There is John T. Jones, if he is an Elder.

But these now are later celebrities, after the War with Mexico, and on down.

That splendid looking young man with rich, heavy dark hair, in the blue dress coat with velvet collar and brass buttons is Richard Yates, plunging himself to go to Congress in 1850. Did you notice how he was cheered and cheered as the procession passed along? He is going to be a big man. Remember what I tell you!

"How do I know?" Well you wait and see! He'll be Governor and U. S. Senator!

The man with "Dick" is Marsh Ayers. He has started a little bank here. But it will grow.

That Short Fellow with Yates and Ayers is Newton Bateman, just starting West District School. I believe he will be about as big a man as any of them. That little loose-jointed man is Matt Stacy.

He has held nearly every office in the town or county, and he's a good one.

Col. Chambers is next, he was in the Black Hawk and Mexican Wars. He is a good Kentuckian. That little, oldish looking man is

Col. Peter Roberts, from Franklin. Franklin is always on hand when things are to be done.

## ROODHOUSE ITEMS OF SPECIAL INTEREST

Dr. D. O. King and Family Return to Iowa Home—Other News Notes.

Roodhouse, Ill., Aug. 2.—Dr. D. O. King and family left on their return trip home to Eldora, Ia., Monday, after spending a week here with his parents, Judge and Mrs. D. F. King. They will stop at Quincy to see his brother, Harold King at the sanatorium. Harold writes that he will be confined to the bed two months yet, as will not let him up until perfectly cured of lung trouble. He has been suffering quite a little from neuralgia the last week or so. Dr. King's daughter, Vernette, who preceded her parents here a few days will remain the balance of the week. Miss Josephine Foran came from St. Louis Tuesday to spend a few days in Judge King's home and will accompany Miss Vernette home to Eldora. Miss Doris King may also go with them.

Mrs. Frank Reicle of Springfield arrived Monday and is spending the week in the home of her brother, Engineer John A. Arnold.

Rev. Ben Johnson and family departed for their home in Springfield Sunday afternoon after a two weeks' visit with friends here and in Roodhouse, Patterson and White Hall. They made their headquarters with Mr. and Mrs. George Carringer during their stay.

Miss Jessie Amos arrived home Monday from Frankfort, Ind., and other points.

Mr. and Mrs. W. C. Smith and his mother, Mrs. L. J. Smith spent from Friday until Sunday with Kansas City relatives.

G. A. Crowcroft and family of Quincy are spending the vacation with his parents, Mr. and Mrs. George C. Crowcroft. Mr. G. A. Crowcroft is registered mail clerk at the Quincy postoffice.

Mrs. C. W. Michel and daughter, Miss Charlie Michel left last Friday for Kansas City, and are spending this week with the former's niece Mrs. B. Lee.

Mr. and Mrs. Floyd Dewhurst and two children who motored here from California left today for Springfield, Champaign and Harvard, Ill., on their way home. They have been guests of his brother, Rev. Guy Dewhurst here this week.

The D. O. K. K. fife and drum corps from Roodhouse will join the members of Ilerim Temple, Jacksonville a week from Sunday on their trip to the Imperial Palace at Chattanooga, Tenn. that week. There will be fifteen or sixteen members of the order go from Roodhouse and probably fifty or more with the drill team from Jacksonville. A special train will be provided at St. Louis.

Leroy Dilley local manager of the C. I. P. S. Co., was in Beards-town last Saturday to be present at the "Home Beautiful" exhibit held there last week, similar to what will be given in Roodhouse, August 5-6, announcement of which appears in another column of this paper. Mr. Dilley says it was a great show and an attraction worth while visiting.

John W. Ferguson met with an accident while at work on the "rip" track this afternoon, catching one of his hands in a band saw, losing two fingers, beside lacerating his hand severely.

Mr. and Mrs. Jasper Hutchens of Carrollton with their two sons, Martin and Julian, drove up Wed-

nesday and accompanied from here by Supt. and Mrs. G. K. Hutchens continued on their way north to Iowa. They will camp along the way and enjoy a regular outing. They will be one about ten days. At Cedar Rapids, Iowa they will visit Norbert Hutchens and Paul Hutchens at Tipton, Iowa, other sons of Mr. and Mrs. Jasper Hutchens.

Roodhouse of a fine rain Thursday night and Friday morning.

There is Major Alexander Dunlap too; they took him to the East Centery, and Diamond Grove a long time ago.

That young boyish looking fellow is

Col. Wm. D. Crowell, new come from Ohio to clerk for his brother-in-law, J. B. C. Smith; all the fraternal people know him already.

Now I guess things could not go without Biddle D. Dawson being around. See, he is starting a long full beard. He knows everybody in the country already. Little Baz Davenport is the one with him. He has a hungry look for offices.

Somebody has got Judge Berdan on horseback, too. Look out Judge, or you will fall off!

Now the "boys" are trotting up, and it will be hard to tell of all of them. I can only give you some names. There's Big Jim Dunlap who "was in Mexico" and Ira Davenport, Sheriff. Brax is going to California to make his fortune. "Sure as shooting!" There's Cy Epler, over from Cass, to be a big man here. That piece of a boy is Charlie Kerr; he'll be a colonel too! Back of him is Ben Grierson! Ever hear of Ben? Well you will!

Well, would you have thought it? There's Paul Selby, an editor on horseback, and Bob Bruce right with him. He walks like a Captain. And "Tip" Jordan had a Revolutionary grandfather, and he must be in things. So must A. J. Bozarth; looks like a captain, too. Bedford Brown comes next; he was the last man with Hardin as he fell. Look at Dr. N. English! He always has to be on hand big days. Well, well, if there isn't Joe Cooley, hurrahing for "Joe Duncan!" There's Charlie Fox, too; will he ever be a Colonel? How did Major T. L. Harris get here? Is he running against Dick Yates?

There now they are stopping again. Let's go to dinner!

## CUBA'S BUSINESS DEPRESSION APPARENT

HAVANA—Signs of Cuba's business and financial depression are evident to the most casual observer. Three big banks, with scores of branches, are closed. The parks are full of idlers. Stores are blazoning what they call "bargain sales," with goods marked down sometimes as much as five per cent from mid-war prices, which is the Spanish merchant's idea of sacrificing profits.

The papers are full of the governmental plans for buying 1,000,000 tons of surplus sugar at a price that will save producers and dealers from ruin, for re-establishing banking facilities that will relieve the pressing scarcity of currency, for cutting the cost of running the government from \$104,000,000 to about \$60,000,000 a year and for reducing the cost of living.

Politicians within reaching distance of the political plum basket are dogged day and night by swarms of job hunters. Hundreds of stocky Callegos, the transient laborers from across the Atlantic, are straggling in from the sugar plantations and walking the streets, waiting for ships to take them back to Spain.

Tenants, with Latin enthusiasm, are organizing "Don't Pay Rent" campaigns until landlords come down to the 1914 scale and the government forces the cost of primary necessities down a couple of hundred per cent.

Out of the nooks and corners where they have lived on the bounty of relatives since the war sent sugar sky high and started a flood of gold into Cuba, they are coming—tapping canes, propelling wheeled chairs, following dogs, being led by children or hopping on crutches—the beggars are coming to town.

## CHattel MORTGAGES NOT RECORDED IN 10 DAYS VOID

Chattel mortgages hereafter, must be recorded with in ten days of their execution, or they become "fraudulent and void as to creditors." In the language of the law as passed at the recent session of the legislature and approved by Governor Small.

The new law is simply an added section of the law of 1875 pertaining to mortgages of real es-

tate and personal property and is known as "Section 4a" of the act. The amendment, which makes a complete change in the law so far as the filing of chattel mortgages is concerned, is as follows:

"No mortgage, trust deed or conveyance of personal property shall be valid against the creditors of the mortgage, even though admitted to record as provided in Section 4 of this act unless it shall be filed for record in the office of the recorder of deeds of the proper county within ten days of the execution thereof and shall be declared fraudulent and void as to the creditors."

**INDEPENDENT BALL**  
**HAVING HARD TIME**  
Teams in Southern Illinois are Losing Money—Effort Being Made to Organize Kitty League for Next Year.

CAIRO, Ill.—Independent baseball is experiencing a hard year in Southern Illinois, Western Kentucky and Southwestern Missouri, if reports reaching here are accurate.

Cairo had enough of the uncertainties of the independent brand of sport last year and local sportsmen made strenuous efforts to revive the old Kitty League, cooperating with Owensboro, Hopkinsville, Fulton and other Kentucky towns. Paducah was opposed to organized baseball, however, holding out for an independent league. As Paducah and Cairo were the only Sunday towns available and in view of the effect of an unlimited salary club in the middle of the circuit, the league project was dropped.

Paducah then began to assemble a strong club and appeared to be facing a successful season when other independent clubs began to grab its players and, having no binding contracts, Paducah's efforts to hold its men proved futile. The Paducah independent team lasted scarcely two weeks.

No effort was made to put a Cairo team in the field, but Fulton assembled a fast team and contracted to play their Sunday games here in Cairo uniform. After its blow-up, Paducah made a similar arrangement with Mayfield and Dyersburg. Fulton then had financial difficulties and the combination lasted only a few days and the clubs were again reorganized. Meanwhile, Mayfield and Dyersburg had had a falling out and refused to play any more against each other.

Almost unbelievable salaries are being paid by the few clubs surviving, it is said. Dyersburg, Mayfield and other teams have payrolls exceeding any outfit in the Southern League. It is reported, Harrisburg, Ill., has one pitcher receiving over \$500 a month. A Murphysboro, Ill., pitcher has been offered \$450 a month by Fulton. Perryville, Mo., is paying a hurler \$250 for every game he pitches.

Very few games pass without a squabble of some sort, and the business managers of the teams are constantly having trouble over gate receipts.

Another effort will be launched this fall to revive one of the Kitty's many lives.

**ST. LOUIS DEFEATED**  
**NEW YORK 6-4**  
St. Louis, Mo., Aug. 2.—Barnes weakened in the seventh inning today and St. Louis scored four runs on a double, a triple, two singles, a base on balls, and a sacrifice fly winning over New York 6 to 4. The defeat puts New York a game and a half behind Pittsburgh.

J. Sinclair of Aurora, Nebraska was attending to affairs in the city yesterday.

When the 51st general assembly made its appropriation the state director of registration and education was called upon to make surveys and examinations to locate the site. These surveys were never completed and no report on the search for Fort Creve Coeur was made to the last legislature.

Will Continue Search.

W. H. H. Miller, who became director of the department of registration and education last January, announced today that he

**TRYING TO LOCATE**  
**SITE OF OLD FORT**  
Efforts to Locate Creve Coeur at Peoria for the Purpose of Placing a Monument to Mark the Site Have so Far Been Unavailing.

SPRINGFIELD, Ill.—Vanished as completely as the dream of Louis XIV and the French people whose hopes it represented, Fort Creve Coeur is a perplexing problem for historians, who for years have vainly sought to find the site of the old fortress on the banks of the Illinois river.

Illinois is still waiting for some authoritative information on the location of Fort Creve Coeur, the headquarters of Robert Cavalier de La Salle, that the site may be marked with a permanent monument.

An appropriation was made by the legislature in 1919 for a marker. Preparations have gone so far that a model has been made.

The move to mark the site of Fort Creve Coeur had its origin with the Illinois Historical society a number of years ago. A committee of three was appointed to begin the search for the site. Two of the three members of the original committee, Capt. J. H. Burnham of Bloomington and William A. Meese of Moline, are dead. Dr. Clarence Alvord of the University of Illinois and Dr. James A. James of Northwestern University, were named to take their places. With J. C. Thompson, assistant state superintendent of public instruction, a member of the original committee, they are still searching for the site of the old fort.

But in mists of the past Fort Creve Coeur still plays hide-and-seek with its searchers baffled on the banks of the Illinois some few miles down the river from Peoria.

"Every knob and depression on the bluffs on both sides of the river from Pekin to Spring Bay has been suggested as the probable site for Fort Creve Coeur," Mr. Thompson said today. "Five of these proposed sites are usually considered in making examinations in an effort to locate the true one."

The study model of the proposed marker for the site of Fort Creve Coeur was made by George Hodgkinson, architectural designer in the state division of architecture. The marker will be made of gray Vermont granite. On one side will appear the seal of the state of Illinois, on the other the coat-of-arms of Louis XIV.

Below the ornament on one side of the marker will be the following in Roman lettering: "In 1680 upon this spot stood Fort Creve Coeur built from the plans of Robert Cavalier Sieur de La Salle. Here was centred the hope of Louis XIV for a broader empire of the French on American soil. From here in 1680 went forth La Salle on his heroic march of fifteen hundred miles to Fort Frontenac and in 1682 also from here to the great task of the exploration of the Mississippi river."

**GIVES REASONS**  
**FOR VETOING BILL**  
Springfield, Ill.—(By A. P.)—Several reasons are assigned by Gov. Small for his veto of the Thion bill providing for the segregation of mentally defective prisoners of the state.

His first reason was that similar provisions was made in the farm colony bill which permits the transfer of prisoners to the state farm at Vandalia. The appropriation to make the segregation bill possible failed and thus made the bill useless, the governor said.

Another reason for filing the bill with his objections the governor said was because it attempted to create and define a new type of mental disease which heretofore has not been recognized by law.

The present criminal laws provide for the imprisonment and segregation of insane criminals and for the present at least are sufficient, Gov. Small said.

**THE U. S. NOBBY TREAD**

Where the going is specially heavy with snow, mud or sand, in hilly country where maximum traction on the road is a factor, no other tire tread yet devised is quite so effective, or so wholly approved by motoring opinion, as the U. S. Nobby Tread.

Its very simplicity—three rows of diagonal knobs, gripping the road—is the result of all the years of U. S. Rubber experience with every type of road the world over.

**If every one listened to experience, how much they'd save**

**STOP** and talk to the next man you see with U. S. Tires on his car. Ask him why.

Most likely you'll hear an interesting story about his tire experiments—before the answer was found. Money wasted. Promises unkept. Trouble on the road—humorous to every one except the man who went through it.

Finally U. S. Tires. And U. S. Tires ever since.

Perhaps it's the experience of U. S. Tire buyers that makes them more emphatic in their preference than ever this year.

When these men have tried most everything by the way of "staggering bargains," "hurrah discounts," "discontinued lines at less" and so forth they know what not to get.

They want a fresh, live tire. With a good reputation. That's everything it says it is. With the people behind it who back it up.

There are 92 U. S. Factory Branches. Your local U. S. Dealer is drawing upon them continually to keep his stocks sized up, complete—to give you service. Whenever he gets one or a hundred tires from a U. S. Factory Branch, they are newly made this season's tires.

Sold to you at a net price. Full values. Square-dealing. A reputable maker. A reputable dealer. The whole transaction as befits the leadership of the oldest and largest rubber organization in the world.

## Daily Market Report

### STOCKS WERE AGAIN IN GOOD DEMAND

By Associated Press.

NEW YORK, Aug. 2.—Stocks  
were again in good demand to-  
day and with bidding most ac-  
tive for the standard rails. The  
upward movement of the pre-  
ceding day was carried forward  
steady and gains were well dis-  
tributed thru the list. Trading  
was not begun until one o'clock  
the opening having been postponed  
by fire which resulted in filling  
the board room with smoke  
flooded the floor and damaged  
the electric signalling apparatus.

Business was on a fairly active  
scale transactions in the two  
hours amounting to 310,000  
shares.

There were no outstanding de-  
velopments to which the rise was  
attributable. Railroad shares  
held the leadership thruout. Quo-  
tations of the representative rails  
were run up from one to nearly  
three points. The Hill stocks and  
coalers were the favorites. North-  
ern Pacific crossed 80 showing a  
gain of more than 19 points from  
the low of the year. Great North-  
ern preferred rose 23 to 76½ com-  
pared with the year's low of sixty.  
Industrials were less conspicuous  
al tho suggestions of a recovery in  
steel and oil shares figured in  
the day's rise. There were a few  
soft spots in the list including  
General Electric, International  
Harvester, Central Leather,  
Chandler and United Drug.

Call money renewed at 5 per  
cent compared with 4½ yesterday  
and later advanced to 5½. The  
movement in the foreign ex-  
change market was narrower and  
irregular. There was continued  
activity in the bond market on a  
rising scale of prices. Liberty  
bonds shared in the upward  
movement.

Total sales (par value) \$8-  
400,000.

### CLOSE OF MARKET WAS UNSETTLED

By Associated Press.

CHICAGO, Aug. 2.—Prospects  
of diminishing receipts had a  
bullish influence today on the  
wheat market. Advances in price  
however, were not well main-  
tained, and the close was unset-  
tled at the same as yesterday's  
finish to ½c higher with Sept.  
\$1.25 to \$1.25½ and Dec. \$1.28 to  
\$1.28½. Corn lost ½c to ¾c to  
oats finished unchanged to ¼c  
higher and provisions buying  
from 2½c decline to 7½c advance.

Scantiness of rural offerings  
together with a falling off in re-  
ceipts here and at other primary  
centers gave strength to wheat  
prices thruout the day. Houses  
that send bids to Illinois, In-  
diana and Ohio points reported  
that country acceptances were al-  
most nil. Besides, car shortage  
complaints were a handicap to  
the bears, and opinion became  
general that the crest of the af-  
ter-harvest movement of the  
winter crop had been witnessed.  
As the day wore on, however, dis-  
appointment was shown over the  
apparent slowness of export de-  
mand. The only foreign business  
announced was 375,000 bushels  
at the seaboard and 125,000 bu-  
shels here. Credit conditions were  
said to form the stumbling blocks  
in preventing much larger sales  
to Europe. Beneficial rains where  
it needed made the corn mar-  
ket easy from the start.

Oats rallied owing to estimates  
that the domestic yield this sea-  
son is the smallest since 1911.  
Provisions averaged higher with  
hogs and because of 9,000,000  
pounds decrease shown in the  
Chicago stock of hord.

# WEBSTER DAVIS.

Mr. Davis was mayor of Kansas City for several years and during his administration secured for that city reduced gas rates and started the municipal water works plant and that city's incomparable system of public parks and playgrounds. During the McKinley administration he served as assistant secretary of the interior.

At one of the Republican National conventions he made an address once which at once gave him a nation-wide reputation as an orator. He is counted one of the greatest platform orators of our country. He has a commanding presence, fascinating personality, magnetic eloquence and is entertaining and inspiring.

# THE AUTO

I skim o'er the highway, fleet as the wind; The horse and buggy I leave behind; I hasten the doctor to succor the sick.

And I answer the hurry calls ever so quick. The lover impatient I hurry away To the dear one so precious and fair as the day.

The strong, busy farmer I bring to town To procure the repairs when the reaper breaks down. The picnickers merry I bear to the grove To enjoy the provisions and story of love.

The tourists across the wide country I bear For I'm able to travel almost anywhere. How everyone loves me when I am all right But O when I balk what a terrible sight

Of cusswords and wailing are spent on the air And they wish me well, really—almost anywhere. I'm really attractive when running along And merry my driver as any love song

But when I turn turtle and land in the air He wishes me really, almost anywhere. But still they all love me, the auto so good. And merrily skim o'er the wide neighborhood road.

Be it Franklin, Pierce-Arrow or even a Ford, I'm the one, first and ever, and have the last word —S. W. Nichols.

WOMEN MEN ADMIRE Men admire a pretty face, a good figure, but most of all the happy, healthy, contented woman, as beauty fades and the figure will change. Women who are troubled with backache, headaches, those dreadful dragging sensations, and nervous irritability, cannot hope to be popular, and advancement in either home, business or social life is impossible. The cause of these troubles, however, yields quickly to Lydia E. Pinkham's Vegetable Compound, as it is a natural restorative and dispels effectually all those distressing symptoms.—Adv.

# CHARGE INJUSTICE IN AUTO ARRESTS

Motorists of Aurora Claim Police Are Persecuting Transient Autoists.

Aurora, Ill.—Charging unscrupulous officers with arresting non-resident motorists for no legitimate cause in order to realize on fees from the fines imposed, the local automobile club volunteers to furnish free legal services to all non-resident motorists who are arrested here, and it calls upon automobile clubs in other towns to do the same.

James Lino, secretary of the Aurora club and originator of the plan, says, "With legal assistance available, motorists can tour from town to town without fear of arrest of being fined or being forced to put up their motor car while they hunt for a cash bond."

"Arrests for legitimate causes are all right, but some unscrupulous policemen, constables and justices of the peace operate hold-up games upon motorists who are far from their home city and in communities where they do not know anyone."

The club has asked Mayor Charles S. Greene to have the police tell non-resident motorists who are arrested they will be given a continuance of at least 24 hours. The Aurora Automobile club will then investigate their case. Should it be learned that there was no vicious intent on the part of the motorist to violate the ordinance or law, the club will furnish an attorney at no cost to the motorist, and he will be defended as far as the court of last resort is necessary.

According to Mr. Lino, the club does not want to antagonize police officers, but aims to give strangers fair and square treatment and to destroy "speed traps" operated by unscrupulous officers.

# NEIGHBORS NOW TAKING TANLAC

After Seeing Chicago Woman's Health Restored, Friends and Husband Try It.

"My health got so bad I was very uneasy about myself, but Tanlac has relieved all my troubles and worries and now I'm as healthy as I was when only a child," was the statement made by Mrs. Bada Wallin, 4810 West Harrison St., Chicago, Ill.

"For several years my stomach was disordered, and I just kept getting in a worse run-down condition all the time. I got to where I had such a small appetite I was eating but little more than enough to keep soul and body together, and often felt so bloated and stuffed up my heart would jump and flutter frightfully and the least exertion would leave me completely exhausted. My nerves became so unstrung I just rolled and tossed most of the night and then got up so tired I could hardly go. I had awful pains in my side at times, couldn't do my housework with any satisfaction, and often had to be lying down to rest. Several times I got so dizzy everything turned dark and I would almost fall."

"One night I noticed a testimonial in the paper that just seemed to describe my case exactly, so I got my husband to bring me a bottle of Tanlac. Well, in just a few days I was eating better and those aches and pains in my stomach and sides began to disappear. I have now taken three bottles and am eating, sleeping, and feeling like a healthy child. I can do all my house work and take care of my baby without a bit of trouble. Since Tanlac has helped me so much my husband and a number of my friends have started taking it and it's helping them too."

Tanlac is sold in Jacksonville by Shreve's Drug Store and by leading druggists everywhere.—Adv.
